Contact Information: Please make sure the office has your most current contact information.

Vandalism: If you encounter vandalism we ask that you photograph the damage and report it to the office immediately. Any vandalized barrels should be replaced instead of refilled, so we can make sure the barrels are clean. Please call 911 at Time Zero and report the vandalism to the PCSO.

**Please continue marking the barrels with color tape this is important.**

**If you see anything of a threatening nature such as weapons or suspicious device at the station please call 911 immediately.**

Emergency Response System: Spot tracks movement and can send distress signals. Spotty and Rover function fine.

Border Patrol At the request of the Border Patrol Sector Chief, if you see BP agents near water stations we ask that you take a picture of their

license plate and take down the date and time. Forward the pictures to Joel as soon as possible, with an explanation about them.

SPOT: The tracking device is required for all water runs. Please ensure that it is turned on and in tracking mode. This helps us find you if you run into problems. Please do not call anyone from Humane Borders during a water run unless it is an emergency.

Equipment and Trucks: Please make sure to report any broken equipment to the office. Do not store any equipment in the door well.
